## Summary

Implementation & Operations Coordinator with 4+ years of experience in customer support, account management, and cross-functional operations within fast-paced environments. I specialize in supporting customer onboarding, managing operational workflows, and coordinating across teams to ensure seamless execution of customer-facing processes. My experience includes handling high-volume transactions, maintaining CRM systems, resolving escalations, and delivering data-driven insights to improve performance and customer satisfaction. In my current role, I manage 100+ daily operations while maintaining a 95% customer satisfaction rate and improving workflow efficiency by 25% through process optimization and system improvements. I regularly collaborate with logistics partners, vendors, and internal teams to ensure timely delivery and service execution. Core strengths: • Customer onboarding & implementation support • Account management & CRM (Zoho) • Cross-functional coordination & stakeholder communication • Data analysis, reporting & process optimization • Customer support, case tracking & escalation handling I am actively seeking opportunities in Implementation, Customer Success, and Operations where I can contribute to scalable onboarding processes and deliver exceptional customer experiences.
